Tear a sheet of newspaper "with" the grain and you'll be able to make a straight, clean tear. Give a piece of paper to a friend so that he holds it "against" the grain and he'll be unable to tear it straight.

Give us an automobile that needs repair work and we'll have it running perfectly in record time. Because our skilled workmen know their business, they'll do a first class job—AND, you'll find our prices pleasing.

Farms Irrigated

About 51,000 farms have been irrigated, which support a population of almost 900,000 persons, it is estimated by the bureau of reclamation projects.

Horses Not Born White

Horses are seldom white at birth. They may be born gray and as they grow older turn white. Circus horses are usually Arabian horses. Gray is common in this breed.
